**DANFORD MCLAMB, NCAL 787  
919-894-3664**

## A collection of approximately 12 folding pocket knives and straight razors are scattered on a brown, textured surface. The knives vary in size, color, and material. Some have straight blades, while others are partially open. The handles and blades are made of various materials, including wood, bone, and metal. The knives are arranged in a somewhat circular pattern, with some pointing towards the center and others towards the edges. The background is a plain, brown, textured surface, possibly a piece of paper or a cloth.
